

ITS CL3 Value Loader for PaperCut MF

Introducing the ITS CL3 Value Loader for PaperCut MF

The ITS CL3 is a PaperCut certified, fully featured value loader which can be configured to accept any combination of coins, notes and cards for topping up print and copy accounts or to dispense new cards. The unit is equipped with a 7.5" touch screen panel which guides the user through the process of completing their transaction. The user simply presents their ID card or enters their ID number, selects transaction amount and inserts/transfers funds and optionally, prints a receipt. As no operator assistance is required, it is ideal for environments where staff time is at a premium and self-service is essential.

Benefits of the ITS CL3 Value Loader

FLEXIBLE The ITS CL3 is a completely self service value loading station that provides users the ability to add funds to their account quickly and efficiently. It provides out-of-hours account top-up and management with no staff involvement required.

ROBUST The sturdy casing and high security locks make the ITS CL3 Value Loader ideal for public, student and high demand commercial use.

ADAPTABLE The ITS CL3 has the ability to read multiple ID card types including Mag Stripe, Barcode, Hitag 2, Mifare, HID iClass, HID Prox and other Proximity technologies.
